"My Country 'Tis of Thee, Sweet Land of Liberty."

A man is easily punctured when he is tired.

GEN. BRUSILOFF is the latest Russian general to get off.

We want but little here below, but we'd like to have it now.

W. T. SHERMAN would have made a very good German general.

If the Kaiser really wants a place in the sun, let him try plowing.

THE only people we know who are "raring" to go to war are too old.

DAILY news reports indicate that everybody continues to win the war.

HEALTH HINT. Don't be an I. W. W. leader in Butte, Mont.

We are beginning to think the weather man is a stockholder in the ice trust.

It is said some of the cannon in the present war shoot twenty miles. Great guns!

ED H. DE CAMP notes that there are no free passes issued on the road to success.

We still believe old Dr. Cook came as near discovering the North Pole as Mr. Peary did.

ATTORNEY-GENERAL GREGORY should be able to write an appropriate epitaph for the tombstone trust.

WHAT has become of the old-fashioned country newspaper which used to be scolding its delinquent subscribers every week?

REVENUE officers captured an illicit distillery near Gaffney last week and Ed DeCamp didn't have a thing about "smiling" in his paper Saturday.

ANOTHER very pathetic little feature of everyday life is the man who wants so much to go to France and fight, but who can't leave home on account of his folks.

VARIETY is the spice of life, they say, but we imagine there is a little too much variety up north where people die of heat in the summer and die of cold in the winter.

We have an idea that James Edward Kerr has been saying some mean things about us in the Aiken Journal and Review lately. We haven't received that paper in two weeks.

JUST to show you how big this country really is, we point to the fact that vegetables were killed by frost in the state of Washington last Sunday, while people in New York and Boston were dying of heat the same day.

EDITOR WILLIAMS of the Greensboro (Ga.) Herald-Journal forgot to change the date of his paper the week after he got back from the meeting of the Georgia Press association. P. S.—The association met near Jacksonville, Fla.

A COMPLIMENT

In a report of a recent citizens' mass meeting held at Cedar Rock the Anderson Tribune says in part:

"The _____ was referred to as a 'valley dog sheet', which barked at its betters; The Pickens Sentinel commended for the fairness of its news reports, and The Farmers Tribune declared by Representative Pickens to have more religion in it than any newspaper he knows of."

We are glad to know that these people think The Sentinel is a fair paper and we thank them for saying so. In our opinion about the highest compliment that can be paid a newspaper is to say it is fair. The Sentinel tries to be fair to everybody and everything and give the news just as it is. That is a real newspaper's duty to its subscribers. It is not our place to try to color any news to suit our individual taste and we do not do it.

We have said before, and we say it again, that if the people are given both sides of all questions just as they really are, the people will seldom, if ever, go wrong. We believe absolutely in the rule of the majority and all sides of each public question should be given so that they may judge intelligently. We are not afraid to trust the people. Of course all people cannot agree on all questions. As for The Sentinel we have our own opinions and express them when we want to, and we allow everybody else the same right.

For some reason or other we do not hear so many young men bragging about how much they can lift, nor how much more able they are than some of their fellows, these conscription days "There's a Reason."

Meeting at Pleasant Hill

The preachers and executive committee, with Dr. Langston, field worker of the state board, met at Pleasant Hill August 3 for the purpose of discussing a plan for the development of the Twelve Mile River association.

The following brethren were present: Revs. W. M. Walker, C. R. Abernombie, C. B. Atkinson, M. J. Stansell, and brethren T. S. Ramsay, R. P. Prince, N. B. Moore, Fletcher Holiday and Harvey Kelley.

It was encouraging to note the deep spiritual harmony which prevailed during the meeting, and resulted in unanimously recommending that the churches of the Twelve Mile River association group themselves, forming fields and settling pastors in same.

Dr. Langston will assist in working out the above plan. It is earnestly hoped that the churches will respond and heartily co-operate in this important work. R. P. P.

(Keowee Courier please copy.)
The W. M. U. of the Pickens association held its annual meeting at Secona church on Wednesday of last week. Mrs. J. D. Chapman, the state president was there and the meeting was of great interest.

When you have an item you could send the paper Friday or Saturday, do not wait until Tuesday to send it in. The Sentinel force always has more to do on Tuesday than is possible to do, because everybody waits until the last minute to send their items in.

WITH THE BRETHERN

A Truthful Lad, Too

Greensboro (Ga.) Herald-Journal.
Editor Gary Hiott of The Pickens (S. C.) Sentinel is a gallant lad. He says bridegrooms never pay the parson in proportion to the bride's value, when the knot is tied, and comments: "Now if we had paid that way it would have taken all have ever made or ever can make to pay the preacher."

Fill Up the Colleges

Newberry Observer.
"Fill up the colleges!" shout some newspapers. But Uncle Sam says "Fill up the army and navy!" Take your choice.—Pickens Sentinel.

Filling up the colleges will not prevent filling up the army and navy. There are young men enough in the country for all three, and of the right ages. Most young men start to college at about 16; many graduate by the time they are 21.

Education should not be neglected because of the war. Nobody wants it to interfere with the war. It is more important that young men should get a college education now; for many of them will likely get into the war later, and some will come out crippled and maimed and will need an education more on that account.

One of the classmates of the writer was a man who had lost a leg in battle. At 30 years of age he started to college a poor man and completed the course with great credit to himself. In a short while he became superintendent of schools in his county, making one of the best that ever held office. He held that position for years, making a nice support for himself and doing a great work for his state and county.

There is no contest on between the colleges and the army and navy.

Now Greenville Drinks Water

The State.
"The P. M. W. C.," the Greenville Piedmont says, "now knows what is the Greenville spirit." When we knew it best it was about 80 proof, of a translucent amber and was usually piped from Pickens.

Sniggers at Our Disappointment

Greenville News.
"To Develop the Piedmont Wine Industry," is a headline of a recent government report, and we sniggered when we thought that Ed DeCamp of the Gaffney Ledger, Gary Hiott of The Pickens Sentinel, Hearon of the Spartanburg Herald, et al., would be first cheered by that announcement and later thrown into a fit of melancholia tremens when they read the article and found that it referred to the Piedmont section of Italy.

Lewis, deceased, and obtain discharge as executor of said estate. R. T. LEWIS, 17
Executor.

Notice of Final Settlement and Discharge

Notice is hereby given that I will make application to J. B. Newberry, Esq., Judge of Probate for Pickens county, in the state of South Carolina, on the 23d day of August, 1917, at 10 o'clock in the forenoon, or as soon thereafter as said application can be heard, for leave to make final settlement of the estate of H. P. Griffin, deceased, and obtain discharge as administratrix of said estate. MRS. STELLA GRIFFIN, 15
Administratrix.

Auto-Intoxication Causes Death

Do you know why you have sick headache, diabetes, neuralgia, rheumatism and liver or kidney troubles? It's because you are being poisoned by products of your own body. Your organs of elimination are not working properly. Waste material that should be thrown out is being retained to poison and intoxicate your system. That could not happen if the bowels were kept open with Granger Liver Regulator. This splendid preparation is purely vegetable and non-alcoholic. Demand Granger Liver Regulator at your drug store—25c a box—and take no other. There is nothing "just a food."

We Wish to Call Your Attention

To the Immense Line of Oxfords for Men, Women and Children That We Are Offering for Much Less Than We Could Possibly Buy Them For.

Have you noticed the seasons for the past few years—the late spring and fall we have? Of late years we hardly ever have any cold weather till January, and in some cases even later.

You can wear Oxfords as late as January, five months away, and have you stopped to think that Oxfords are always about 25 per cent cheaper than shoes? At the present time our stock of Oxfords are about half the price of what shoes will be this fall, and at least 50 per cent less than the same Oxfords will cost us for next spring.

Our lines are among the best made in the world. The Godman and R. T. Wood lines for children and misses from \$1.00 to \$3.00. The Endicott, Johnson & Co's and Walk-Over for boys and men from \$2.00 to \$6.00. The Godman, Zeigler and Queen Quality for ladies from \$2.00 to \$4.00.

We have also just received a line of tan scuffers for boys and girls, sizes 8 1-2 to 11, 11 1-2 to 2, 2 1-2 to 6, the most durable and easy wearing Oxfords a boy or girl can wear, from \$1.00 to \$2.00.

It will pay you to see our line of Oxfords, as the price on a single pair will not be advanced as long as they last, and even if you buy your needs for next spring you will certainly save money.

—Yours truly,

FOLGER, THORNLEY & CO.

THE MAN WHO READS IS THE MAN WHO LEADS

Says Mr. Clarence Poe, one of North Carolina's foremost citizens.

The Pickens county men who read THE PICKENS SENTINEL have the advantage over those who do not. The Sentinel is primarily a county paper and purposes to serve the people of Pickens county, irrespective of class or politics. \$1.50 a yr., \$1 for 8 months, 50c for 4 mos.

The Store That's Always Busy
Easley, S. C.

We had one of the best Mill-End Sales in our history which closed on the 31st of July. Many hundred customers attended and all went away satisfied. We thank one and all for their liberal patronage.

We have just returned from the Northern and Eastern Markets and next week we will give you an idea of the many pretty things we purchased for the Fall and Winter trade. Watch this space next week for particulars. It will pay you.
